## Community Safety Star Program

### “Adopt a Classroom” Sponsorship Options

This budget will cover one “Be a Tree” session for a group of students. Classes may be grouped together up to a maximum of 3 classes in any one session. Fewer students per session allows for more interaction and a better learning experience. The number of programs you wish to sponsor can be tailored to your budget by multiplying the single session budget by the number of sessions. Take-home and classroom materials can be branded with your logo. You can choose from one of three packages or create your own custom package of give-away materials.
